Milano - 335 km

We will not organize transport from and to the airports for the teams.

Map

Here you can find the points of interest:

<http://maps.google.it/maps/msie=UTF8&hl=it&oe=UTF8&msa=0&msid=116432511156446079206.00047c8e71d19d1e7e52d> .

Accommodation

Here you will find a complete list of accommodation options, you can book directly on line.

<http://www.valdisole.net/cms-01.00/articolo.asp?IDcms=3704&s=355&I=EN> .

The accommodation costs for the stay will be borne by teams.

The river

The competitions will take place on the **Noce river** in Mezzana regarding the SPRINT, the SLALOM and the H2H. The DOWNRIVER will start in Ossana and finish in Caldes. Noce river is a continuous, technical, natural mountain river; it is 30 km long and the grade varies from 2 to 5, with many sections (run by the races) having a 3+, 4 grade. There are different terrain typologies the river runs through: Mezzana-Marilleva and Croviana – Malé section: open fields, other sections: steep sided terrain and forests. The flow of this river is nearly constant and its usual limits are normally about 20 to 30 cubic meters/sec. The water level depends on 2 hydroelectric basins. The subject responsible for the water level regulation and water release is the ENEL –hydroelectric plant of Cogolo, in Val di Peio, which guarantees for a constant water level for an event of such an importance.

Here a map of the river with some useful details:
