CITARIK RIVER

Start and Finish point

- A pool and drop class III-IV river.
- The water comes from Mt Halimun National Park.
- The volume of the water becomes high during rainy season (October to April)

There are some alternative routes which can be used during dry season.

The water is warm with temperature of 20-33°C.

There are some accesses to put in and take out along the river.

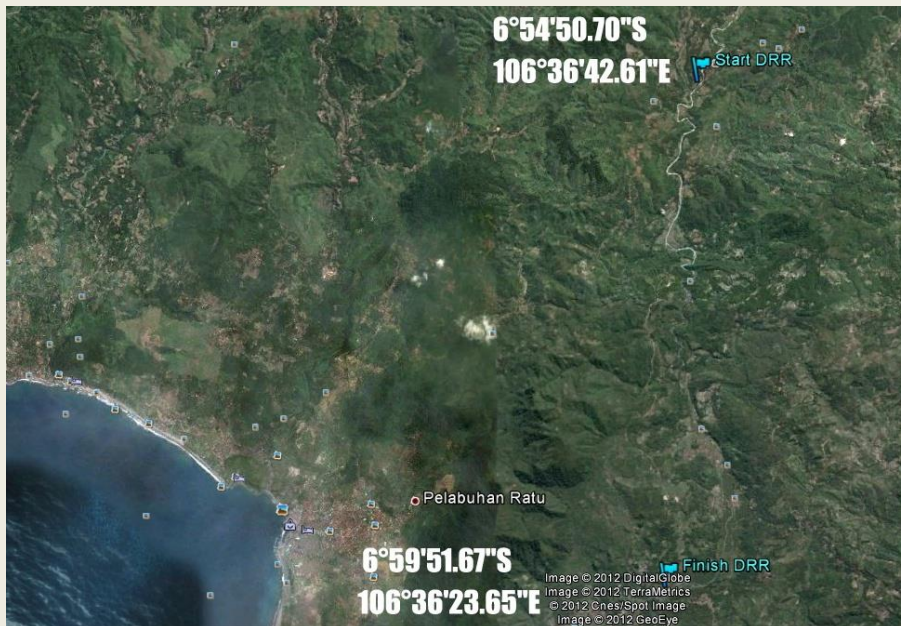

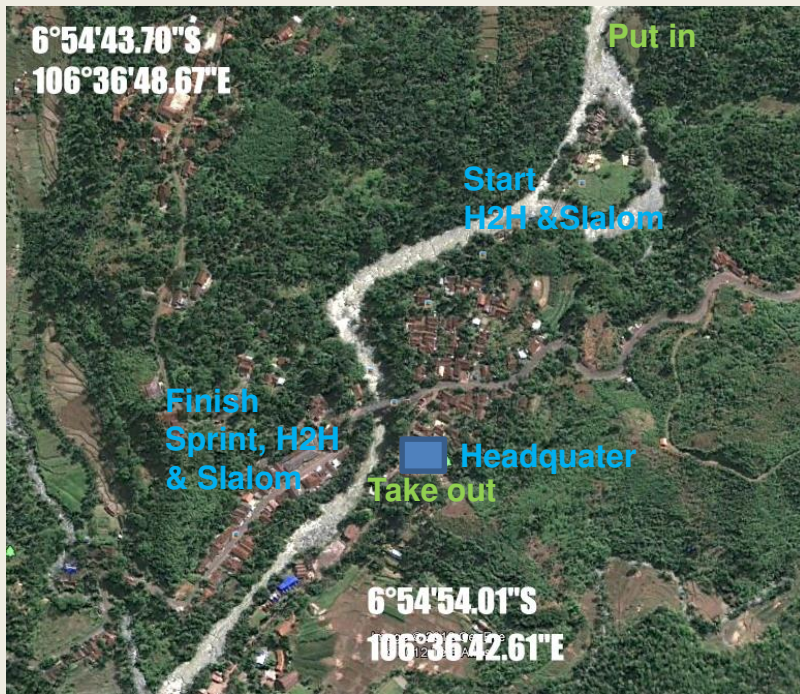

The terrain surrounding the river is jungle and paddy fields.

Safety team members consist of the 80 rafting guides from four operators who have experiences more than 10 years. They will use rafting boat and kayak, and will stand by along the river.

There are some entry points along the river to media and spectator by car 2x4 or 4x4 or motorcycle or by walk.

Slalom course is exactly in front of the accommodation area.

RACES

Sprint , Head to Head and Slalom will be in class III rapids. The area is along the village and rafting operators camp. There are trucks to transport participants to put in point. From put in, participants should paddle around 2 minutes to start point.

For Open & Master Divisions, Down River Race will be in pool and drop class III rapid in first 4 km and continue with some continuous rapid where **four big and technical class III – IV+ rapids** in next 5 km. There are 24 rapids within 11 km DRR Section.

For Youth & Junior Divisions, there is a class III rapid in Upper Section.

There are some access to go to each rapid, 2 of them can reach by car, and the rest by motorcycle or walk.

We will provide electronic timing system from Netherland.

Back up timing system will be always used since we have many volunteers to do this.

Soekarno Hatta International Airport (Cengkareng) is the nearest airport to go to Citarik River. This is the biggest airport in Indonesia and there are many airlines from all over the world using the airport.

From airport, the participants can go directly by land transportation to Citarik River, it will take 3-4 hours, depends on the traffic.

Organizer will pick up all team members, media , spectators registered from airport and transported to Camp.

In Citarik River, only Down River Section/Start or Finish Point need transportation. The rest can be reached by walk.

Organizer will provide trucks for Down River Race, Opening and Closing ceremony.

TRAVEL AND TRANSPORT

B
R
A
N
D
I
N
G
