Transport in Banja Luka: For teams who don't have their own transport, we will provide free buses from the City and the villages (Karanovac, Krupa na Vrbasu) on the route to Official Training and Race (Sprint, H2H, Slalom) sites. The buses will leave Banja Luka for the race site before the racing and will leave afterwards at the end of racing. No buses will move between the race site and Banja Luka at any other times.

Teams are allowed to use their own transport as long as they keep within safety rules of the transport plan and get their car(s) accredited by Event Organisers.

Transport at Vrbas race sites: Accredited vehicles will be allowed along the road at the race sites before and after the racing, but not during. The road along the Sprint, H2H and Slalom sections will be closed throughout all racing.

Transport to Tara River: All teams will be provided free transport to the Tara River on 30 May. Teams may use their own transport but **MUST** stay within the Organisers official convoy under police escort. Any deviation may result in monetary fines and possible disqualification from the event.

All teams will be provided free transport back to Banja Luka, Sarajevo, or Tuzla on 02 June if they need it.

After the end of the Closing Ceremony at the Tara River, all participants are allowed to proceed with their own transport and with their own plans. They are not obliged to transport back to Banja Luka.
