The entry fee includes refreshments at the race course during the race, transport of boats during the DR training/race and transport of competitors and equipment if needed during the DR training/race. Accommodation It is to be fully arranged by the teams. The use of common online accommodation intermediaries, for example [booking.com](#) works very well in the Czech Republic. For the possibility of booking, please contact the [campsite](#) directly.

If you need more advice on accommodation, please contact us at anna.kasparova@svocr.cz

Training options Training before the race is possible in České Vrbné (venue for sprint, H2H and slalom), for more information and time reservation please contact the [White Water Center Budweis](#).

The down river training at Devil's Streams is not possible before August 24th.

Media The live streaming of the sprint, H2H and slalom race will be provided by [playo.tv](#) video-channel.
